WILMINGTON, N. C.

The Murder Trial.

The intense interest manifested by our entire community in the investigations or Justice Cassidey, and his laudable exertions to ferret out the perpetrators of this most fiendish outrage, has never been excelled since we have been a resident of this city. Hour by hour as the mysterious links of evidence are formed, the horror of the people grows deeper. It has been our lot to write up the records of several murders and outrages in this community during the past six years, but we have never known one that was the theme of such general conversation and indignation. The demand for THE POST yesterday, with its full report of the evidence was large, and an extra edition was soon exhausted.—There is not the slightest doubt in the mind of any one at all familiar with the facts, as developed on this trial, that the unfortunate Willie Carter, a boy of tender years, was brutally murdered and mutilated, with the most fiendish malignity. The evidence is very conflicting, and it is hard to fix the guilt upon the perpetrators. One great difficulty in the way, is to discover any motive for the murder. A harmless, inoffensive boy, is enticed from his home, and, according to Dave Martin's evidence, was drowned by his own playmates! Of the truth or falsity of Dave's statements, we have but to say that he is either telling the truth or he is the most accomplished liar we have ever seen on the witness stand! He was never at a loss for an answer to any question, and his entire bearing while on the stand was wonderfully composed and direct.

EDITORIAL BUDGET.

— Cardinal Antonelli has addressed a communication to the clergy of the United States, stating that the Pope is deeply affected at the manifestations of sympathy he receives from his children in that distant land.

— A British steamer landed at Fontarabia 2,000 rifles, 50 hundred weight of ammunition, and 40 Carlists, and was subsequently captured by a Spanish man-of-war and towed into the harbor of San Sebastian. In the Cortes the Minister of State declared that he should demand the extradition of insurgent refugees in foreign countries.

— The editor of the *Farmers' Union* has just returned from a tour of inspection through the State of Minnesota.—He says wheat threshing commenced a week ago. The yield in most instances turns out better than was expected. No fields thus far threshed have yielded less than twenty-five bushels to the acre, while many run far above that figure. The oldest inhabitants never have seen so uninterruptedly favorable a season as is enjoyed this year.

— About five o'clock on Wednesday evening two accommodation trains on the Baltimore and Potomac Railroad collided at Townsend street junction in Baltimore, badly smashing both engines and several passenger cars. George Allen, fireman, had his leg crushed, and died at nine o'clock Wednesday night. Andrew Burrell, engineer, was severely injured. None of the passengers were hurt. The accident was caused by the train bound North running into the one going South, the latter being behind time, and both trains were going slow at the time. Ex-Governor Bowie, President of the road, was among the passengers on the Southern bound train.

Further complications have arisen from the interference of the Prussian frigate in Spanish affairs. Eight hundred Spanish sailors, who were sent by the Government from Alicante to Escambrato, to take possession of the ironclads Vithoria and Alamanca, were refused possession by Captain Werner, on the ground that there was no authority from Berlin to deliver them up. The sailors were obliged to remain in position where they were menaced and at the mercy of the insurgents. Thereupon Werner declared the sailors under his protection. The Intransigentes declare that the steamer must leave Escambrato or they will fire upon her without regard to the Prussians.

Richard Isaac and a negro boy were working in a mica mine tunnel on Plum Tree in Mitchell county. By using a steel, instead of a wooden tamping rod the fuse was cut and the result was that both of them were blown up. Both seriously injured, Isaac losing an eye.

THE MURDER TRIAL.

Report of the Evidence.

NEW DEVELOPMENTS.

The Court room was more densely packed yesterday afternoon than in the morning. The interest was unabated, and one noticeable feature was the large number of boys in attendance. They feel a deep interest in the result of the investigation. Our report closed when Court adjourned for dinner. The following is the testimony at the

AFTERNOON SESSION.

DEFENSE.

Dr. A. D. McDonald—I am a physician. I am acquainted with Mrs. Carter. I knew Willie Carter. Have been called on in two different cases to prescribe for Willie. I saw no treatment but what I should expect from a mother. She nursed him carefully. I have treated Mrs. Carter for about five months, and never saw anything but what was kind.

Geo. H. Andrews sworn—I am acquainted with Mrs. Carter, and know Willie. I know Mr. Carter. I have lived near Mr. Carter for the past three years. The relations between them, as far as I know, were good. Never heard of Mr. and Mrs. Carter quarrelling. She seemed to be as kind to Willie as though he was her own child. At one time Mr. Carter wanted to take him away and she objected and said she would be lonely. They went to Charleston once and left Willie with me and he cried for her and grieved to miss her so much at night. Willie was a pretty wild boy, running around. He came to my store once crying and said his mother slapped him. He admitted that it was for going with bad boys and quarreling. I asked her once why she didn't whip him and make him behave, and she said she was too feeble and his father should do it. She is a delicate woman. The last time she was weighed she weighed only 80 pounds.

CROSS-EXAMINATION.

I have known Mrs. Carter for three years; they are known as husband and wife; by general reputation; I have heard that they were not married, but I never paid much attention to it; I have heard that Carter had a wife, but I know nothing of it; he told me she was his wife; she lives with him and they are always known as husband and wife; she is not the mother of the boy; Mr. Carter's father and sister have visited them often at their residence as such.

Jacob Ponce sworn—I am acquainted with Mr. and Mrs. Carter, and know little Willie; I know very little about their relations, except that on one occasion while they were out of the city, Willie was with us and when night came on, Willie cried for his ma; he said he could get along day times, but at night he wanted his ma; the boy always looked in good order and looked like he was well taken care of; never heard any complaints from the boy; they have always passed as man and wife; never heard anything to the contrary; his brother and sister have visited them.

Alice Taylor sworn—I know Mrs. Carter; I have been to her house right smart times; I used to stay with her; as far as I know she always treated him right and did a mother's part by him; never heard of any disturbance between Mr. Carter and his wife; she always treated Willie as a mother.

Hannah Curtis, sworn—I know Willie Carter and Mr. and Mrs. Carter. I live right across the street from them. As far as I know she treated Willie as a mother ought to treat a child. She was very kind to him as far as I know.

Judy Baty, sworn—I know James Anderson. On Monday at train time, at 2:30, he was right there in the road playing on a banjo. I knew him very well. I have known him some time, and last Monday he was near his mother's house and when he quit he washed his face and went into the house.

CROSS EXAMINATION.

I live on the opposite side of the street from Jimmie's mother's house. I was passing out and in and I notice the children when they play. There were two or three others there, and they all had their faces smutted. I saw him all the afternoon. I am certain he didn't go away all the afternoon. I don't know the little boys, but there is a whole parcel of children all playing about there. I have lived in that same place nearly four years. Don't go amongst the neighbors much, and don't let the children. They had their faces blackened, and my daughter is in a delicate way, and I told her not to look at the boys with the blackened faces.

Susan Freeman, sworn—I am the mother of the boy Jimmie. He was mustering in the street with the rest of the boys on Monday when the train came in.

Mary Carter, sworn—I saw Jimmie all the afternoon of Monday playing with the boys in the street. They were mustering there. Geo. Statche was the only one I knew except Jimmie. The others were small boys and I didn't know any others. Jimmie was there Tuesday mustering as well as Monday. Don't know what he was doing on Sunday. I heard of Willie's death on Tuesday evening, and I know Jimmie was in the street mustering on Monday and Tuesday. When I first heard that Willie Carter was found, I never heard that Jimmie was accused of killing him.

Margaret Durand, sworn—I saw Wm. Henry Merrick between 1 and 2 o'clock on Monday. He was with his mother. They came to my house nearer 2 than 1 o'clock. They only stayed a minute.

Charlotte Hooper, sworn—Wm. Henry Merrick was with me Monday. We went to Margaret's between 1 and 2 o'clock, and then came down town. He was with me all the afternoon.

Richard Hooper, sworn—I saw Charlotte Hooper down town with Billy Merrick last Monday. I know it was Monday for I had been to the mill, and I saw my wife (Charlotte) with Billy and we walked together. She is Billy's mother.

Dora Davis sworn—I know Charlotte Hooper. I saw her on Monday evening at 5 o'clock, and nobody was with her but Billy Merrick. I know it was 5 o'clock, for I heard the clock strike. I was down town. I live on Seventh street, and am certain it was on Monday. It was the evening the Masons were out.

FOR THE STATE.

G. W. Wiggs sworn—I have seen the defendant Elijah. I saw him between 1 and 2 on Monday. I took him to the butcher's pen and bought a harslet for my dog. He hadn't got home when the 5 o'clock train came in. Don't know what time he got home. Havnt seen him since until now. He was to go and get them twice a week, but he hasnt been since.

CROSS-EXAMINATION.

I used to get my harslets there. I have been there to get them myself. I at one time got a head and got back before 5 o'clock. It would depend upon the time the meat was killed, but he ought to have got that harslet and got back by 5 o'clock.

Mrs. Anna M. Wiggs sworn—The boy Elijah was sent to the butcher pen for a harslet in a sack. He got back just after my husband left. He lives near us, but I never saw him since then until Wednesday. He asked for a piece of bread and I gave him a piece of bread and a biscuit, and he went off. Didn't notice him excited or anything wrong. I know his brother, but didn't know this one much. Saw David on Sunday, but have not seen him since until now.

J. A. White sworn—I am one of the Coroner's jury now investigating this case. Marion Hollis is the man who found the body. The woman Judy testified that she saw the boy David and William Carter together, and Willie was crying, last Monday.

Judy Dotz recalled—I saw Willie Carter on Monday. He was standing on the bridge with David and Willie was crying when I passed along. I never stopped there, and when I came back they were gone. They were not quarrelling a word, but Willie was crying quite hard.

Cross Examined—This bridge is a little bridge on Eighth street, over the ditch in the street.

G. W. Davis recalled—Old Judy stated before the jury yesterday that Willie said David struck him with a watermelon rind.

Judy Doty recalled—It was another little boy—a lame boy—who struck Willie with the rind.

Olive Wright sworn—I saw Elijah pass my house with a bag, when he came back. I asked him where he had been, and he said Mr. Wiggs had sent him to the butcher-pen after a harslet for his dogs. I saw Willie Carter between 1 and 2 o'clock. He was coming along the street, going toward the butcher-pen. I saw Elijah going over toward the butcher-pen between 1 and 2 o'clock, and came back between 4 and 5. My daughter asked for a piece of meat and he told her to hurry and cut her off a piece. He had nothing with him but the harslet and the piece of skirt in his hand.

CROSS-EXAMINATION.

I know Jimmie Anderson. On Monday he was associating with a lot of boys and in play. They were there when the train came in. He was there when Elijah went by and came back. The last time I saw Willie Carter he was coming along the road crying, all by himself and going toward the butcher pen. Willie passed my house crying. He was talking to himself and he said to himself, that some of those boys hit him and he would pay them. The boys stayed by the bridge, passing after Willie went by. Don't know whether David was there or not. It was only one block off.

Alvord Van Amringe, sworn—I saw the dead body of Willie Carter on Tuesday. I was coming down from the Work House and sat down to get cool and saw the body in the water. I started for the city to give information. The body was entirely out of the water on the trestle. One foot was upon a timber and the body lay beside, but entirely out of the water. The man I saw had two dogs with him, and one of his dogs got run over. I had just got over the trestle when the train came along. I met the man and asked him where he was going and he said he was going to the trestle to tie that boy. I asked him what boy and he said the one on the trestle. I didn't see any one until I got to Union Depot. I didn't open my mouth until I got to the City Hall and reported the case to Mayor Canaday.

STATEMENT OF ELIJAH MARTIN.

My name is Elijah Martin. I don't know anything about the death of Willie Carter. I see Willie Carter coming out of his gate early in the morning. I was going to carry my brother up the country. In the morning Willie asked me where was Davy, and I told him I didn't know. Davy goes to Mrs. Carter's all the time. All day Monday, after the rain let up, me and father came home. But Davy never came in. Mrs. Carter told me not to come around there, and I went away. We couldn't keep Davy way from there. I stayed home with my step-father from the time I got home after I had been to the butcher-pen and cooked my supper and ate it, all by myself. My step-father was there reading the bible. Mrs. Carter never offered me $10 or a penny in her live. I wouldn't have drowned that poor little innocent fellow for a hundred ten dollar bills. I have heard little boys say that Mrs. Carter said Willie was in the way and everything she did he told his father. The boys never said that she did agree to pay them $10 to drown the boy, but they said she would pay $10. I don't know anything about these two little fellows. The other boy David is my brother, I know him.

Wm. Rush sworn—The boy Elijah who has just made a statement, told me that he had heard the boys say that $10 had been offered to murder the boy. I was not in conversation with him. We were on the ferry boat crossing over the river, and some persons were asking him questions, and he said that he heard that $10 had been offered to murder Willie Carter.

The Court adjourned until 10 A. M.

THIS MORNING'S SESSION.

Court opened at 10 o'clock. The Coroner's Jury was in attendance, and took seats in the Court room, and Coroner Hewlett sat with 'Squire Cassidey. The first witness examined was for the

DEFENSE.

John W. Hines sworn—I knew Willie Carter. I saw him last Monday about 10 o'clock. He had some money in his hand, and asked me if I had any five cent watermelons. I told him no, and he said he would go to Hutaff's. A colored boy met him outside, and asked him where he was going. They went off together. Am acquainted with Mr. and Mrs. Carter. Their relations were of the pleasantest character. Mrs. Carter gave Willie money to buy candy on one occasion in my store. My mother said, Mrs. Carter you look quite young to have so large a son. She said, he is my step-son.

Rob't Carter sworn—Defendant is my wife. We have lived very happily together. She is my lawful wife. My first wife was married about six years ago, after she was divorced from me.—Have known my present wife for three years. She was always kind to Willie. I heard she had been unkind once, and I went right down to the store to see about it and found it was not so. I never saw any marks of violence on my son. When I went to send him to his grandfather, she and the boy cried, for they didn't want to be separated. She has asked me to correct him, and I have refused, because I loved him so. On Monday last, Willie was home when I came home, and it was between one and two o'clock. It must have been 2 o'clock before he left. He went away while I was in the house.

CROSS-EXAMINATION.

I was married in South Carolina to my wife, near Mullins', by a minister. I never had any difficulty with my wife about the boy. Willie seldom stayed out late to my knowledge. She was very uneasy Monday night because he didn't come home, and left the door unlocked until eleven o'clock. I left on the train at 5.20 o'clock on the morning of Tuesday. If I had thought there had been any trouble with the boy I would not have gone out on the train. Willie would have been eleven years old next March.

C. P. Bolles, sworn—I remember that Charlotte Hooper and her son William Henry were on our lot between one and two o'clock Monday. My family all saw the boy Billy with his mother, but I didn't notice him. He was there to see after a small piece of furniture she had purchased of us. That is why he came on our lot.

FOR THE STATE.

JOHN F. JARRELL sworn—I saw defendant, Elijah, at my cattle lot last Monday evening. A man by the name of Wiggs came to the lot to get a harslet and brought the boy Elijah to bring the harslet. I was to give him the harslet of the first beef killed. I forgot all about the matter and we had butchered three or four cattle before I thought of it again. Elijah came to me then and asked me if I was'nt going to give him the harslet, and I told him I had forgotten him. It was then towards 5 o'clock and I ordered one of my men to give him a harslet. I do not know whether he was staying on the ground all that time or not. He had a difficulty with one of my boys while out there. My boy "Mack" says that during the time Elijah was waiting for the harslet he choked him (Mack). My pen is within 200 yards of the creek. I have never seen the boys go in bathing in the creek. The bank is, in one place bold and the water deep. It would be a good place to go in bathing, but I never saw any boys in bathing there. A great many white aud colored boys come out to the pen. I do not know Willie Carter.—My man says that Willie had been in the habit of coming out to the pen. He was there last Friday a week ago. I do not remember him, for there are so many coming out there. I have never missed any butcher knives, but my butchers have sometimes complained of losing knives. Mack said the boy Elijah had choked him Monday.

CROSS-EXAMINATION.

I saw Elijah about two and didn't notice him again until about five o'clock. If I had seen him I should have thought of the harslet and given it to him. I do not know of any store where they do go in. Do not know of any knives being lost on Monday. He was barefooted.

David Jackson, sworn—I know the boys in the box. One named Jimmie, one named David Martin, and Billy and Elijah Hicks. One day about two weeks ago we were all down over the railroad. Elijah said he was going to get some watermelons, and David said "you remember the $10." Elijah said "what about the $10?" David said "the $10 Mrs. Carter promised to give them to kill Willie." And Willie and I left them. Willie said he was scared to stay as he was afraid they would kill him. Davy said, you remember the $10. Elijah said, what about the $10? Davy said, the $10 Mrs. Carter promised to pay for killing Willie. Elijah said he didn't believe nothing about that. Willie and I went to the depot together then. I never heard the boys talk about the $10 again until after Willie was killed. I live over in Brooklyn.

CROSS-EXAMINATION.

This happened about two weeks ago. It was two Sundays ago I quit working at the depot, and it was before I quit. Jim Porter and a boy Hedrick, and a boy named Duke, were with Elijah and Davy and me that day. We started down after watermelons. Jimmie and Billy were not there. This thing was talked out so loud that all the boys could hear it. David Martin said, "remember about the $10." The other boys didn't believe it no more than I did.—Elijah said he didn't believe it, and Davy said if he didn't believe it he coulp ask some boy, I forget the name, who knew about it. Willie Carter was there. Willie said he was scared to stay there, for fear Davy and Elijah would kill him, and he went off with me.

FOR THE STATE.

I have seen these boys since that evening, but never heard them say anything more about the $10. I have seen Willie and David together since then and they appeared to be friendly. I have seen Mrs. Carter slap Willie's face and tie a cloth about his neck to make him cut wood. I saw her do it about two Saturdays ago. She choked him to make him cut wood. She was in the kitchen part of the house. She and Willie and I were the only ones there. She put the handkerchief about his neck and held it by the back of his neck. Willie said, "Ma, please don't choke me." She said "I'll kill you if you don't mind what I tell you." Never saw her choke him again. Don't recollect that I ever saw Willie again.

CROSS-EXAMINATION.

I had a talk with Mr. Schutte and Champ Artis about this matter since. They said they thought these were the ones who did it. I said I didn't know anything about it only what I heard. This choking was last Saturday, about a week ago. It was between 6 and 7 o'clock in the kitchen part of the house. No one was there but Willie and me. I went there for a watermelon, and when I was there she asked me to get her a bucket of water, and I did it. I went home. She told Willie to go to cutting up wood. When I got there Willie was in the shop door, Mrs. Carter was in the kitchen part of the house. She told me to get the water, and when I got back she told him to cut wood, and he never moved. She took a cloth or a handkerchief and put it about her neck, and he said "please ma, don't." This happened in the kitchen part of the house.

R. L. Sellars, sworn.—I arrested the boy Elijah 9 or 10 miles from here. Other parties had a conversation with him and I listened to it. He was talking to one of the engineers. He said David and Anderson's boy had been offered $10 to destroy Willie Carter by Mrs. Carter because he was always making trouble between her and her husband. He said Mrs. Carter would seat his brother Dave at the table with her and give him coffee, &c., and feed Willie with fat meat and corn bread.

Mack Johnson, sworn. I work at Mr. Jarrel's, have been there a week. I know Elijah. I saw him last Monday at the slaughter pen. He came to the pen. He was there but I don't know how long. Elijah and I had a little scuffle. He choked me. I thought he was in earnest and I told him if he did it again I'd hit him with a rock. He was there some time. I saw him ask for the lights. I did'nt see Elijah go to the creek. I saw Willie that morning sitting on his mother's steps and asked him if he wanted to go to the slaughter pen. He said no, he was sick. His ma said he could'nt go.

CROSS-EXAMINED.

I saw Elijah at the slaughter pen. I was at work, and did'nt notice him all the time. He was'nt down where I was helping slaughter the beef. I did'nt see him ask for the beef; when he choked me I had just come. I did'nt see him any more. He just choked me and it made me mad. I don't know what for. When I got mad he laughed. Have known Willie Carter a long time. Know Mrs. Carter. She never offered me any $10.—Have often seen Davy with Willie.—Never saw them have any fuss. Did'nt see Willie at the slaughter pen on Monday.

Marion Hollis sworn—I found the body of Willie Carter. All I know about it, when I went down to truss I found his body. It was about half an hour before the passenger train came in on Tuesday. My dog chased a rabbit down by the truss and I went there and found the body in the water. I was on the way to Mr. Kings to get a couple of posts. I didn't know anything about it. I went on up to the house and told them all about it. I then went back to the trestle, to fasten the body. I met Mr. VanAmerage and went back with him to fasten it, but it was so slippery I couldn't get down to fasten it. When I saw the body, one of its arms was off. The body was in the water. I had grape vines with me to tie the body, but couldn't get down to it to tie it. Saw no other person near there. I had three dogs with me that evening, and the train knocked one of my dogs off, but didn't kill him.

Ary Bryant sworn—I was at Jarrell's butcher pen. Elijah was there when I came. I was at work on my second beef when Elijah asked for the harslet, and Jarrell told me to give him one, and I did so. It was late when I got there. About 4 o'clock. When I got there Mr. Jarrell pointed out three beeves for me to kill, and I was on the second one when Elijah asked for the harslet. Don't recollect seeing him after I first saw him when I came, and the time he asked for the harslet. It was after the 5 o'clock passenger train went out.

CROSS-EXAMINATION.

I can dress a beef when I am in a hurry in 15 minutes. I was not in any particular hurry that day. I live about a quarter of a mile from the pen. It was about 4 o'clock when I came and I saw Elijah there then. He was there the whole time I was butchering until he got the harslet. One of the hands lost a knife about a week and a half ago, but I never lost one. There are lots of white and colored boys out there when we are butchering. White boys often came there for bladders, etc., and colored boys came for trimmings, &c., which we give them for carrying water and helping us.

David Martin, recalled, cautioned and not sworn—Mrs. Carter offered me $10 to drown the boy and I told her "no, mam—it wouldn't do me no good nor her neither." I have seen her chase him and strike him. She told him to go and cut wood and he said there was enough cut. She said if he didn't cut some he couldn't have no dinner. She choked him with her hand and he couldn't speak. She threw him down on the floor and stamped him on the stomach. He had two cents and said he could buy an apple and that would do for his dinner. along we met Bill Lane and they got to throwing rinds and Bill hit him in the stomach and he cried. She has whipped him. I saw her strip him stark naked and whip him with a switch because he went up to the railroad. She whipped him with some chinquepin switches, for about a quarter of an hour. She tied his mouth and tied his hands behind him. She tied his mouth with a handkerchief, and his hands too. She left marks on him, on his shoulders. I saw her hit him with a piece of wood, and he showed me the bump on his head. She hit him with a piece of indian wood. The marks from the switches were black and blue. Some of them broke the skin a little and it bled a little. She said her and her husband were always quarreling about the boy, and she said if I would'nt kill him she would find somebody who would. She always treated me well. She told Jimmie the same thing. He came up one Sunday and asked her if Willie could go in swimming with him, and said yes, and that if he would drown him she would give him $10. When some trouble about the wood happened one time, she said she would whip him and he went to Schutte's. He stayed there until 9 o'clock, and I went up there and told him his father was come back, so he went home.

On that morning I saw Willie sitting on the bridge, and he asked me if I wanted to go swimming, and I told him yes. Jimmie and Billy were with him. We then started off and Willie said he would meet us on the track out near the butcher pen. Willie was crying because a boy hit him with a watermelon rind. He asked us to go with him and see the boy he wanted to go with us, but we didn't want to walk about there, and we went to the track, the short way, and we met Willie on the track. He was all alone when we met. We didn't say anything about the ten dollars going out there. When we got to the track we all went down to the creek. The others went in swimming. Willie and Jimmie went in swimming. Billy and I stayed on shore. I was scared to go into the creek. I was afraid of alligators. Willie could swim as far as across the street. I could swim further than Willie. They were close to the shore, on the bottom, when I threw his hat in, and Willie went out and had to swim a little to get it. I was playing with him and he told me to stop, for he didn't like such a playing as that. Jimmie threw his clothes into the water. He had a jacket and pantaloons and shirt with him. His shoes were at home. I helped him out. He went in for his clothes and got tired, and I swam out to help him. I only had on a shirt and pants, and I threw off my pants. The next time, Billy threw the clothes down in the edge of the water, and Willie got them himself, and spread them out to dry on the bank: Where Willie was standing on the bank by his clothes it was some ways from where we went in swimming. I told Willie he better not go in any more, and he said he wouldn't do it. While he was down getting his clothes we other boys had no conversation about the $10. I told Jimmie that Mrs. Carter had offered me $10 to drown Willie, and he said he had heard her say that hisself. Willie was standing by the tree on the bank, near his clothes, when they pushed him in. He was standing on the bank close to the river, facing the water, and the boys came up behind him. I was off a little ways, sitting down. I couldn't see the water close to the bank for I was sitting down. I was about twenty feet from the river, and where Willie was. Jimmie and Billy never said nothing, only just laughed. Willie cried, "please don't," and that's all I heard. I started back, and dodged into the bushes. I didn't want them to go back with me, because I didn't do it. Jimmie said at the creek that if I wouldn't make that ten dollars he would. After the boys pushed Willie over, I started for the shed, and met a section hand. I told him that some boys were drowning a boy at the creek, and he said to go and tell somebody else, then I told a boy and he said he would go and see about it. I then told —— and then I told my mother until time to go to bed. I went out to little bridge and come back after toting wood and got back about 7 or 8 o'clock and sat down. I went to sleep then under the house until 3 o'clock, and then went up to the shed. At 5 o'clock I went to Mr. Thornton's and mixed some mortar for Mr. Crawford. On Monday he told me he was going to get bricks for a chimney that night and I was to come to his house Tuesday morning. So I went there. I then went home and got my breakfast about 8 or 9 o'clock and toted wood and water awhile and then I went to sleep.—About 5 o'clock I went up to the shed and about 6 o'clock a boy named Dave told me they had found a boy in the water. I went out there and saw the body and it was Willie Carter. I then went home and stayed there all night.

On Wednesday I saw Mrs. Carter and she told me Mr. Adams was looking for me, and he was going to make me touch the body. She told me if I got into any trouble not to tell on her, and if she got into any trouble she wouldn't tell on me. I told her Monday evening about 3 o'clock that Willie was drowned and she just told me to "go on." On Tuesday night she heard it from somebody else. When she told me not to tell on her she told me I had better go over into Brunswick county. I wouldn't go. I slept at home Wednesday night and in the morning I walked about and went over to Hilton and crossed the river. There wasn't nobody with me. I went to see if I could find uncle Cupid and started back over this side. I saw Mr. Terry near Hilton, and I went on down the road. Afterwards he saw me and told me to come to him and I came. He then brought me to the Sheriff.

CROSS-EXAMINATION.

I have seen Mrs. Carter give Willie five or six whippings. The first one was two or three weeks ago. I was in the house when she tied him. I was in the room when she whipped him, and I saw the whip marks. I saw her throw a stick of wood at him. It hit him on the head. He was setting down, but ran out the door and cried. This was about a month ago. The next time was in the shop. She whipped him with a piece of wood he had cut; hit him five or six licks. It was cut to stove length. She struck him on the head with that stick, but it didn't bloody him any. Dick is the boy who hit him with a melon rind. After that I went out to the creek, and Willie went on to the boy's house to see if he could find him. No one was with us then. We met at the track and went out to the creek. Jimmie and Billy went with us. I met them there. They came up where Dick struck Willie with the rind, and they came on with me. We went from that little bridge all together until we got to Nixon street, and then Willie went around after the other boy. [Here the witness was submitted to the most searching cross-examination we have heard in a long time, by the learned attorney, in relation to various differences in his testimony.] At the river I threw his hat in. When he took his clothes out of the water he took them to dry on the bank by the tree. I helped Willie wring the clothes. I thought the boys were going to Hilton.

Mrs. Edwards sworn—I don't know anything about the death of Willie Carter. I called on Mrs. Carter to see the body, but found it was at the depot.—Mrs. Carter appeared in trouble, and had been crying hard. I always thought she was good to the boy. I went Wednesday morning to see the corpse, but didn't see it, for it wasn't there. She said but little to me. Coroner Hewlett came to the house while I was there.—She never told me anything about what she thought of the cause of the death. She was on the bed, and had her head tied up. Said she felt very badly about it. Didn't say anything about the boy having been murdered. She hadn't seen the body.

[Here the Court took a recess until 4 p. m.]

This afternoon, Justice Cassidey, the Coroner, with his jury, the Sheriff, and the boy David Martin, will visit the scene of the murder and let the boy David point out the exact spot where Willie Carter was pushed into the river, if he can.

STATE ITEMS.

Raleigh is shocked at a murder horror, of which the *News* says: Yesterday there came to light one of the most horrid cases of infanticide which we ever heard of in this section. About the hour of 2 p. m., a colored woman found the body of a newly born infant in the rear of the stable on the premises of Robert Wyche, a respectable colored citizen, on Edenton street, in rear of the residence of Dr. Chas. E. Johnson. The head had been crushed with a stone, and a cord was found around its neck, showing that it had also been strangled, and a number of bruises were found on the body. As soon as the discovery was made known to Coroner Magnin, that officer summoned a jury of inquest and repaired to the spot. Of the nature of the proceedings of the jury we are of course ignorant, as the investigation was conducted privately. After a session of some four hours and a half the Coroner adjourned the jury to await further developments. We feel warranted, however, in saying that Mr. Magnin has a faint clue to the guilty parties and it is hoped that the crime will be indisputably fixed upon them. There seems to be a difference of opinion as to the color of the infant. Some say that it is a bright mulatto, but the majority seem inclined to think that it is white. We sincerely hope that the perpetrator or perpetrators of this atrocious deed will speedily be detected and given the full penalty of the law touching such matters.

"WAKES."—We had occasion some time ago to request persons who indulge in "wakes" to try and be less noisy in their demonstrations, and we will again repeat our request. Last night there was a "wake" in the neighborhood in which ye local resides, which not only kept him awake all night, but has left him feeling badly. A friend noticed his haggard expression this morning and asked what was the matter, and was informed that he had been kept a-wake by a religious gathering called a "wake," or from an accumulation in the organism of the products of oxidation, mainly of carbonic acid, that accumulation being favored and controlled by reflex action of the nervous system, which thus protects the organism from excessive oxidation, and allows the organism to manifest its normal functional activity throughout a succeeding rythmic period. If the city authorities will try to have the "wakes" conducted in a less noisy manner, the many citizens who suffer by these "wakes" will be under lasting obligations to them.

There is a tree standing near the Court House, in Wilkesboro, on which, it is said, a number of tories were hung during the revolutionary war.

THE TOWN CRIER.

— Mild.

— Gold is 115.

— Very sultry last night.

— Go to church to-morrow.

— It rained all day up at Weldon.

— Read the Aldermanic proceedings.

— Money is far from being plentiful!

— Great demand for the POST yesterday.

— There were 374 carts in market the past week.

— Oh for a first class city detective, who knows his business.

— We never saw the Court House so densely packed as on yesterday.

— No New York mails last night. The great Northern storms and floods affect us way down here.

— Suspicious characters were up for examination last night after 12 o'clock, to obtain stronger claims in relation to the murder.

— We congratulate our lamplighters upon their honesty. The worst street lamp in the city is in front of the City Hall, where the Aldermen met last night. There are but few lamps in the city that do not need overhauling.

The Raleigh *News* learns from a private letter the following particulars of a terrible accident in Rutherford county recently: On Sunday afternoon, the 10th inst., about three miles from the town of Rutherfordton, Mr. Nash Goode and family were returning from church. Mr. Goode's sister and two children were riding one horse, and Mr. Goode and wife and a Mr. Taylor were walking. A sudden wind blew down an old tree which fell upon the party, killing Miss Goode, one of the children and the horse, and broke the collar bone of the other child. Miss Goode was not killed instantly, but surgical aid could do her no good. The third child will recover. The funeral of Miss Goode and the child was preached on Monday. Our informant says it is probable that the Township will be sued for damages.

We especially call the attention to the following testimonials of the Paint:

C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly,
Creswell P. O., Hartford county, Md., Feb. 6th, 1873. A. H. STRASBAUGH.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.
Very respectfully and truly, S. McGILL, M. D.

TO THE PUBLIC—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work were paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate. WM. E. SINN,

BALTIMORE, April 25, 1873. Front Street Theatre.

CHAMBERSBURG, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception. Yours, truly,
JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.
Yours, Respectfully, JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheefully endorse as the best of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.
Very Respectfully, EMART & QUARTLEY, 270 W. Baltimore St.
House, Sign and Frescoe Painters.

PLEASANTVILLE, HARTFORD CO., MD.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.
Very Respectfully, R. DICKEY, M. D.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or depraved tastes.—*Boston Globe.*

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life.—*Brooklyn Eagle.*
